## RESUMO

- Full Stack Developer (React, Node.js, and Python) with experience in responsive web and mobile applications, REST APIs, and MySQL integrations.
- I work with architecture, prototyping, and process automation to reduce rework and increase delivery consistency.
- I study and apply solutions with AI agents and integrations with CRM tools (e.g., Salesforce).

## CERTIFICATIONS

- Amazon Cloud Services AWS Training**  
(Ka Solutions)
- Endpoint Security**  
(Cisco Networking Academy)
- Pre-MBA in AI for Business**  
(EXAME / SaintPaul)

## SKILLS

JavaScript (ES6+)   TypeScript
